

Summer Legal Clinic of the STARS Project (Skills Transfers in Academia, a Renewed Strategy)

The Consumer Law Clinic of the University of Luxembourg invites you to its summer session

The project is coordinated by the University of Luxembourg (coordinator) and Università degli Studi di Brescia, Università degli Studi Roma Tre, Palacký University in Olomouc, Czech Republic, and the Romanian-American University in Bucharest. It aims to renew teaching strategies within law schools by developing clinical legal education in Europe and stimulate innovative practices in legal teaching; formalize existing clinical legal education through the development of digital tools and the establishment of evaluation criteria; and promote the development of innovative legal research.

The summer school of the Luxembourg Law Clinic will offer a structured replica of its traditional clinical activities, holding special clinical sessions and reproducing the methods and the pedagogical approaches applied in the Luxembourg law clinic, in order to share its experience with the participants (cases studies, consumer's mock interviews, customer oriented approach: listening, popularization of legal terms, perception of legal solutions). The sessions will be run in English and the substantial focus will be on Consumer Law.

The Luxembourg Law Clinic works in close collaboration with the Luxembourg Bar Association.

8 to 12 July 2019
